

# Day-4 building dynamic frontend components for your marketplace

Explore our dynamic product list that updates in real-time, offering the latest products with instant pricing and availability. Effortlessly add items to your cart with a single click, ensuring a smooth, responsive shopping experience. Enjoy seamless navigation and up-to-date inventory at your fingertips!

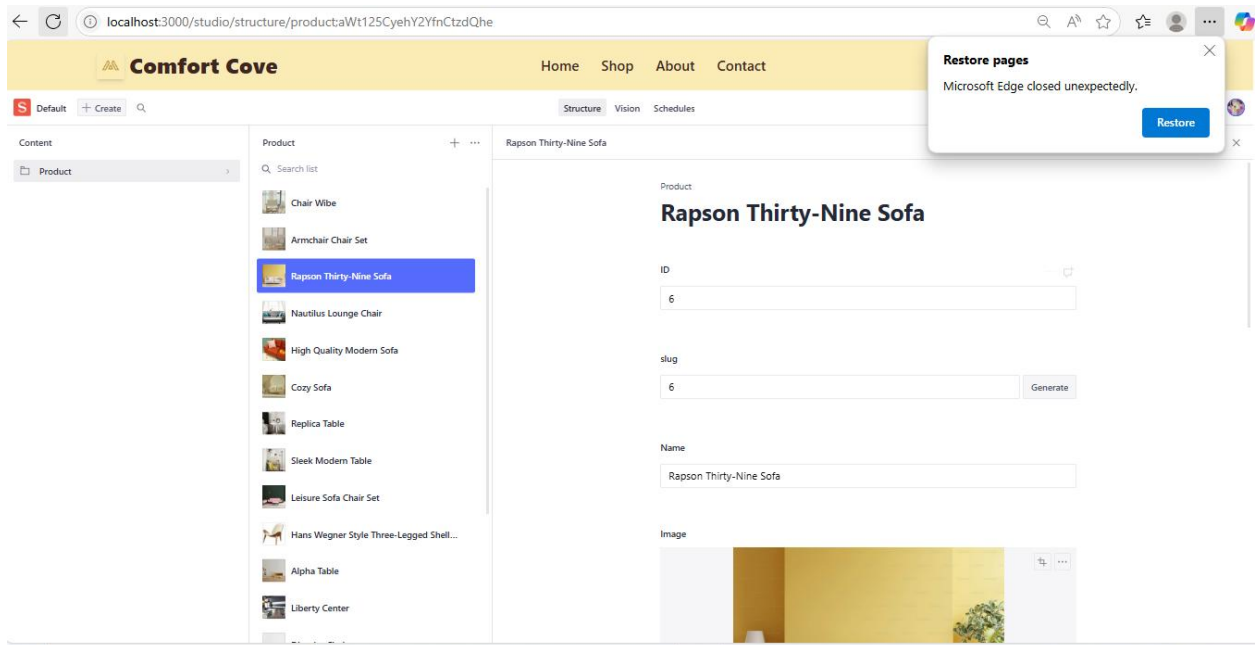

All ok everything is working dynamic work properly working

All the images from sanity work properly

```
21 export default function ShopPage() {
76   (products.map((product) => {
78     (product.slug?.current ? ( // Optional chaining to safely check slug
79       <Link href={`/${product.slug.current}`}>
80         <div className="relative h-60 w-82 flex justify-center items-center overflow-hidden rounded-t-xl">
81           <Image
82             className="object-cover w-full h-full transition-transform duration-300 ease-in-out transform hover:scale-110"
83             src={`/${product?.image?.url()} ?? '/path/to/placeholder-image.jpg'`} // Use a fallback image if urlFor is undefined
84             alt={product.name}
85             width={288}
86             height={180}
87           />
88         </div>
89       </Link>
90     ) : (
91       <div className="relative h-60 w-82 flex justify-center items-center overflow-hidden rounded-t-xl">
92         <Image
93           className="object-cover w-full h-full"
94           src="/path/to/placeholder-image.jpg"
95           alt="No product slug"
96           width={288}
97           height={180}
98         />
99       </div>
100     )
101   })
102   <div className="px-6 py-4">
103     <h2 className="text-xl font-semibold text-gray-800 mb-2">{product.name}</h2>
104     <p className="text-gray-600 text-sm mb-4">{product.description}</p>
105     <p className="text-xl font-bold text-gray-900 mb-4">${product.price}</p>
106     <div className="flex justify-center items-center">
107       <button
```

The dynamic product page loads products in real-time, displaying the most up-to-date details like pricing, availability, and images. The "Add to Cart" button works flawlessly, instantly updating the cart without needing a page refresh. Overall, the page is fully functional, offering a smooth and responsive shopping experience.
